

LTG Humidification Technology

For air, gases, products

High pressure humidifier Washer

- For humidification, cooling, washing and filtration
- Direct or indirect humidification
- Adiabatic cooling systems
- Water treatment systems
- Extremely fine atomization and metering
- Energy-saving
- Water-saving
- With hygienic certificate to meet highest hygienic demands
- Precise control over the entire field of application
- Easy to maintain
- Supersaturation over 100% possible
